Decks Being Cleared For BG Swimming Pools

BELLE GLADE — Construction dates for two new swimming pools to serve whites and Negroes, respectively, appeared to be in the near future following discussions Wednesday night at the regular meeting of the city commission.

Mrs. Ruth Wedgworth, a member of the city recreation committee, had a lengthy informal talk with commissioners and

MORE COWS AT MARKET

BELLE GLADE — Sales volume was up again this week at Glades Livestock Market, with Manager George C. Young reporting sale of 1,170 cattle for a total of \$86,173.88.

Of stockers, commercial calves brought from \$1.00 to \$2.00 higher per cwt., steers 50 cents higher and heifers 50 cents lower than last week. Young said 39 percent of number went to slaughter, with calves registering 50 cents-to-\$1 gains.

Demand for stockers remains strong, with the rains increasing pasturage in the Glades. Young said 35 more grade Brahman heifers from the Bentley Ranch will be offered at next Monday's sale. Sales summary:

191 calves, 81 yearlings, 145 heifers, 352 cows, 365 steers, 36 bulls.

OKAYED payment of current bills totalling about \$7,000, from general funds.

ACCEPTED recommendations from planning board to re-zone five parcels of land near SW Ave. A and between FEC tracks and Hwy. 715, for light industry and business use, hearing to be held at next commission meeting.

AGREED to give school board five acres of land near SW Ave. A to develop Negro football field.

VOTED to ask for bids for sanitation truck both with and without LP gas facilities.

VOTED to transfer city money on deposit to institutions per provisions of city charter.

HAD belated hassle over who should build swimming pools. Mayor Ashley and Commissioner Ingram saying money could be saved utilizing city prisoner labor and local contractors. Commissioners Unwin and Livingston stating their belief experts were needed. No action was taken on the matter.

Rotary Frosh Stage Program
PAHOKEE — Freshmen's Day was the theme of yesterday's Rotary Club luncheon meeting. The freshmen, new members recently inducted into the club, were responsible for the program which was highlighted by Dr. William Gist's showing of film on Japan.

Freshmen Rotarians are R. L. Kledzik, Earl Schmidt, and Dr. Gist.

PHAWASH in dilemma, Vann says, because it didn't have funds to purchase the trucks. Banks would float a loan for the purchase, but only agree to title of the trucks. And federal officials wouldn't give up title until they had cash in hand.

Whereupon Mr. Stuckey stepped in and signed the required \$2600 note, personally guaranteeing its payment. PHA thrived, however, and was able to pay off the note on schedule on its own.

SALT WATER WHOPPER — This 31 3/4-lb. Warsaw Grouper was landed out of Stuart recently by Miss June Costner of Belle Glade, fishing with N. B. Willis, Jr. On her left is Capt. Dale Noyes of the charter boat "Nioga."

GLADES TEMPTATION TOO MUCH FOR TEXAN — Moves To Pahokee To Raise Cattle

PAHOKEE — They talk big in Texas, so it's really news when a veteran Texas cattleman moves with his family to Pahokee to find out for himself just how true are the fabulous stories of cattle growing in the Glades.

The Texan is 40-year old Claude Morgan, who has moved with his wife and two children from Paris, Tex., to the David Unwin duplex on Flame Ave.

Claude has leased a section of land about three miles east of the Pahokee — Belle Glade road halfway between the cities and stocked it with about 700 mixed Brahman-type steers.

Meantime, he's continuing operation of a 1500-acre ranch in Texas where he raises 300 head of Santa Gertrudis cattle.

Claude was intrigued by tales of growing livestock in the Glades and how cattle legs "could stand knee deep in grass and starve to death." Vacationing in Florida two years ago, he inspected the Glades but decided to wait until he found exactly what he wanted.

He bought a vegetable farm west of Lake Worth and leased it out. By last December, he'd worked out what he wanted to do in Florida, sold the vegetable farm and readied his plans for his Glades cattle venture.

Everything here is different from Texas," Claude says. "I have ideas on how to profitably raise cattle, but I won't be trying anything new for awhile. I'm willing to profit from the experience."

WOOD ALCOHOL CAUSED DEATH
BELLE GLADE — Death of Clarence Jacks, an inmate who died last month while in confinement at Glades State Prison Farm, has been determined to have been caused by drinking of wood alcohol, according to Coroner Joseph R. Cherry, who conducted an inquest when Jacks' body was discovered.

Judge Cherry said Jacks' body had been removed to a West Palm Beach hospital by order of County Solicitor Charles Nugent for a thorough autopsy, and vital organs sent to the Bureau of Investigation for chemical analysis.

At the request of County Investigator John Hiatt, Judge Cherry signed the death certificate on July 6th with the notation "accidental death caused from excessive amount of wood alcohol," following an official report from the FBI.

DISTORTED SENSE OF VALUES: Smoothest road (or street) in the PAAKOE area — drive on it and you think you are riding on velvet — leads directly to the city dump. Maintained by the county, it serves no residents. Okay, okay, so it's called a farm-to-market road.

Mr. Average Citizen in the U.S. spent \$1,119 in retail establishments last year. Average in southeastern states was \$837. In Florida, Mr. Citizen spent \$978 in retail trade. Geographically we may be out on a limb, but it would appear we're on middle ground, financially.

If you've ever sat on a three-cornered milking stool you know how firm a well-constructed one is. There are signs aplenty that Glades economy may become as firm and stable (no pun) with ramie forming the third leg to complement those of cattle and produce/sugar. Ramie in the summer, vegetables/sugar in the winter, cattle year-round. Sounds good!

WHOSE ROAD PROGRAM?

The road bill has passed. It took Congress more than 18 months to write one that they could agree on. The Republicans call it "Ike's" program. The Democrats are claiming credit for it because this is Democratic Congress. Also, it's election year.

But let's check the record. Let's recall the occasion of the original presentation of the idea and give a wee bit of credit where credit is due.

On Mar. 17, 1954, Cecil M. Webb, then chairman of the Florida State Road Board, visited President Eisenhower in the White House and proposed the biggest Federal road building program in history.

On July 12, four months later, in New York City, Vice President Richard M. Nixon outlined this plan publicly. Nixon read a speech that President Eisenhower had planned to deliver.

At that time, no mention of Cecil Webb was made by Vice President Nixon, although the plan was essentially the same that Webb had proposed on his Mar. 17 visit to the White House. There was one difference worth noting: Webb had suggested an expenditure of \$30 billion over a period of six years. President Eisenhower called for a road program costing \$50 billion to be spent over a period of 10 years.

The bill that Congress passed last week provides for \$32.9 billion during the next 10 years. That isn't exactly the way Cecil Webb had planned it, but it shows he was on solid ground. So, during the next few years as this great network of 41,000 miles of interstate roads is under construction, remember who first took the idea to the President.

Sometimes when you hit a beautiful new stretch of completed highway on this network — or maybe complain and fuss about a miserable detour where the new roads are being built — take time out to remember the old motto which says, "There is no limit how much a man can accomplish if he doesn't care who gets the credit."

And remember, too, the visit of Cecil Webb made to President Eisenhower in the White House, on Mar. 17, 1954.

Hot ... Dog!

With the summer's warmest period just around the corner for Floridians — and their canine pets — the Florida State Veterinary Medical Association has come up with some timely hints to increase the comfort of dogs during the sultry "dog days."

The veterinarians point out that humans can choose between the sun or an air conditioned retreat, but the family dog cannot complain when the thermometer rises.

Dogs suffer as much from summer heat as humans and are just as apt to suffer a sunstroke, according to the veterinarians.

In fact, says the veterinarians, dogs even require a special diet in hot weather.

The FSVMA offers the following suggestions to keep dogs healthy and happy during the summer months:

A dog should always have plenty of drinking water available at all times, and should not be permitted to stay in the sun too long.

If your pet should pass out from the heat, it can be cooled safely by being placed in water of tap temperature.

Dog owners should not worry if their pets eat less in hot weather, because they do so due to inactivity.

Leave pets alone as much as possible, don't force them to run too much, and never keep them in cars with closed windows.

Veterinarians agree that rabies vaccine should be given dogs at least once a year.

"It's not that rabies is more prevalent during the hot weather," the veterinarians say, "but dogs tend to travel about more in different neighborhoods, encountering more strange dogs and increasing the possibility of infection."

ARE GLADES BEEF DOLLARS SLICED UP THIS - A - WAY?

"Your consumer dollar paid for beef is sliced many ways on its way back to the cattleman who supplied the original calf," says the American Meat Institute.

Just how that slicing goes is certainly of interest to consumers, many of whom no doubt wonder if financial shenanigans are involved. Here's the story.

253 ATTEND BG TEEN AGE DANCE

Jerry McKee and Paula Parson won the silver dollars awarded each Friday for the top dance contest at the Teen Age Center last week in Belle Glade. About 253 were present for the evening, and ages were from 12 to 21. A special feature in the evening's program was a pantomime by Mary Vi Mathewson and Linda Lutz of "Dance With Me, Honey."

The Everglades Ramblers, a local square dance band, played several numbers.

Faith Brown of West Palm Beach, formerly of PAAKOE, was a guest for the evening, and Pat Smith and Meda Wiser, new Belle Glade residents, were also present. Paul Miller and Irvin McTaggart, local service men who are home on leave, and Ronnie Marlowe, who is home from Hargrave Military Academy in Virginia, were also among those present.

The evening's festivities were chaperoned by several of the parents.

From where I sit ... by Joe Marsh

"Keep The Change"

If you've seen "Mac" Johnson this week, chances are he's told you his waitress story. For those who haven't heard: "Mac" recently stopped at an out-of-town diner. He ordered the chef's special — and his waitress (brand new on the job) made every possible mistake. She confused the order, spilled the soup, dropped the rolls, brought him a wrong dessert.

Despite it all, "Mac" left a substantial tip. But she mislaid and handed the money back. "Keep it, Mister — you've sure earned it more than I have," she said.

From where I sit, that girl deserves credit for admitting her shortcomings — something not everyone is big enough to do. For instance, I'm convinced lots of folks know they're wrong when they deny me the right to a glass of beer with my supper ... just because they happen to prefer some other beverage. They wouldn't like me ordering them to accept my choice.

ANNIVERSARY SERVICE TUESDAY AT ST. JOHNS

Rev. Walter G. Martin, deacon-in-charge, announced this week that the first anniversary of meeting in the new church building will be celebrated by the congregation of St. John the Apostle Episcopal Church with special Thanksgiving services on Tuesday.

Rev. John Clarence Petrie, vicar, will celebrate the Holy Eucharist at 7:30 this morning. Communicants of the Episcopal Church in neighboring communities are invited to join the local congregation in thanksgiving of Christ's Body and Blood.

At 7:30 p.m. on Tuesday, there will be an evening prayer service at the church. Rev. James Stirling, rector of Holy Trinity Church, West Palm Beach, will deliver the sermon.

BC BAPTISTS WELCOME REV. AND MRS. MALCOLM

The Belle Glade First Baptist Church welcomed Rev. and Mrs. U. W. Malcolm on their return from an extended trip. Rev. and Mrs. Malcolm report that a wonderful spirit prevailed at the Southern Baptist Convention which they attended, and that they had a restful vacation.

On last Sunday night the congregation of the church observed the Lord's Supper.

Mr. and Mrs. James B. Hendry were received as members of the local church, bringing their letters from South Bay. After the service they were welcomed by the congregation.

The Young People who attended the Florida East Coast Baptist Association meeting were in charge of last week's prayer service. Taking part were Molly Forster, Marybelle Schlechter, Sandra Gove, Ouida Lanier, and Martha Faye Davidson.

A report on the Ridgecrest Music Conference was given by Leonard Higbee and Walter Schlechter, Jr.

The young people will resume this Sunday night their practice of serving as organists for the evening service. Miss Susan Clarke will play this Sunday night. In the next weeks, Martha Faye Davidson, Leonard Higbee, and Linda Evans will serve in that capacity.

Mr. and Mrs. Kyle Hatfield and son, Michael, have returned to their home after spending a month's vacation fishing and swimming at Naples.

PAHOKEE FIRST METHODIST CHURCH NEWS

The Gertrude Shirley circle of the WSCS of Pahokee First Methodist Church will meet Monday at 8 p.m. at the home of Mrs. A. J. Spencer for its July meeting.

Mrs. J. T. Boynton is circle chairman and Mrs. Dan Carpenter is program chairman. "Faith" was the subject of the program given by the Senior MYF sub-district meeting held Tuesday night at the Methodist Church, presented under the direction of the counselors, Mrs. John A. Dulany and Mrs. Wayne Owens, and Mrs. I. M. Lutz, young people's church school teacher.

Presenting a skit "A Wheel of Faith" with a spot-lighted 7-ft. cross, a white taper burning in a silver candleholder, and an open Bible, as the worship center, were Derother Rushing, David Cunningham, Pat Elliott, Kay Friend, Alice Joyce Spencer, Linda Sellers and Jim Cox. Participating in a quartet number were Chuck and Pat Elliott, Weldon Cardin and David Cunningham. David read "My Religion," a poem of faith by Edgar A. Guest. Weldon gave the scripture and Linda gave a history of MYF activities in rhyme.

Linda presided over the business session as secretary of the sub-district. Plans were made to conduct the August meeting in Belle Glade, Tuesday, the 14th at 8 p.m. There were representatives from South Bay, Belle Glade, Lake Harbor and Clewiston. Pat Elliott, retiring treasurer, reported \$26.97 on hand. Assisting with the serving of punch and cup cakes were Mrs. Owens and Mrs. Shelton Cox.

The Margery Lair and Mabel Simcson circles of the WSCS will meet Monday, 3:30 p.m., at the home of Mrs. H. J. Anderson.

Ivory-Tickling Pays Off For Glenda

CHOSEN — Piano study begun when she was six years old is paying off now for 17-year-old Glenda Dell, daughter of Mr. and Mrs. J. Y. Dell of Chosen.

A University of Miami special scholarship, provided by Dean John Bitter of the university's school of music and Mrs. Albert Pick, a patroness of the school, has been awarded to Glenda as the result of an audition made possible by John Munroe, band-leader at Belle Glade high school and a graduate of the University of Miami.

A member of the class of 1956 of Belle Glade high school, Glenda held the highest scholastic average for the '55-'56 school year. Award winning is not new for this young musician, for she was also given the

MEDFLY FIGHT

Let Green Citrus Hang But Destroy Dropped Fruit

BY L. F. STEINER
United States Department of Agriculture

Mediterranean fruit fly infestations will be treated with malathion bait spray until trapping shows that no more of the pests exists, Medfly eradication project officials say.

Because most spraying contracts call for three aerial treatments of infestations, many have come to believe that the third spraying will conclude this activity. Actually some areas may require four, five, six or more.

Under ideal conditions, three sprays at 10-14 day intervals will do the job by killing every adult Medfly before it can become sexually mature and lay eggs.

However, if rains wash off the bait spray soon after application; if areas are overlooked during spraying; if infested fruit is carried into sprayed areas, or if flies move in from areas where no sprays have been applied, additional spaced sprays will be necessary to eliminate the pest.

Medfly officials explain that it has been necessary to use the spray program against the adult fly because there is now available no insecticide spray that could be safely used to kill all eggs and larvae of the fly in the fruit or its pupae in the soil.

The insecticide dieldrin is applied as a soil treatment, but it provides only part—not complete—control of fly larvae entering the soil to pupate or adult flies emerging from the soil after pupation. Therefore, bait sprays must be applied enough times to destroy all flies emerging normally from the soil after the first treatment plus those that result from conditions less than ideal.

Results of limited tests in Miami Shores where three 100-acre areas were sprayed on May 23 indicate that the bait spray is now being used throughout southern Florida is practically 100 percent effective against all Medflies alive in the treated area at the time of and for several days following spray treatment.

You Can Help

You can help the Medfly fight by picking up and destroying all fallen fruit.

All dropped ripe fruit should be suspected of Medfly infestation. Just one fruit in a thousand can start the project.

CARD OF THANKS

I wish to express my profound thanks to the many friends for their thoughtful and unselfish kindness shown me during my recent operation and illness. I wish to thank them for the beautiful flowers, cards, prayers, and many other kind deeds. Also I want to especially thank the Everglades Memorial Hospital staff for their part in making my stay there a pleasant memory.

RED TAPE APLENTY

PAHOKEE — Don't blame James Vann, executive director of Pahokee Housing Authority, if it appears to be "red tape" the remainder of the year. Seems he's doing battle with volumes of red tape these days.

The red tape is started in and about PHA's planned 115-unit low rent public housing project, planned to be built after the first of the year.

Vann and PHA officials unraveled the red tape enough to get Washington authorization for the Public Housing Administration to sign an "annual contribution contract" to make up certain possible deficits on bond payments if the Pahokee project has tough sledding. Seemingly guaranteed the project.

Then more red tape became evident. Here's a sample of what still must be done before construction work can begin:

1. Atlanta regional office must sign the annual contribution contract.
2. Following Atlanta's signing, Pahokee Housing will draw up and present detailed preliminary drawings of site plans, units, etc., for Atlanta approval.
3. When preliminary plans are okayed, then Pahokee project "working plans" for federal okay.

When these are finally agreed upon, bids will be advertised. These, too, must have federal approval.

Meanwhile, purchase of lots for the white and Negro projects must be made—again with federal okay. Negotiations have been underway for the two sites involved, but actual purchase still is in the future.

Is it small wonder that Mr. Vann's eyes might appear red blood-shot? Certainly it appears that miracles will be required if construction work is to begin in January.

Helping Vann bring the miracle about are PHA commission-ers F. Wadell, Roy Vann, and Al. Leonard Dobrow, Albert Fremd and Robert Apelgren, Attorney Thad Whidden, and the architecture firm of Pickett, Borowski and Stetson.

REP. ROBERTS —

(Continued From Page 1)

Rep. Roberts: The House passed wide, constructive legislation on re-apportionment and prison reform, to mention but two items. As proof that representatives worked, our 21-man House committee on water problems met about 45 times in the January-May period, and we always had at least 15 representatives present.

Q. Are you in favor of the re-apportionment referendum which will be voted on in the November election?

Rep. Roberts: Yes. The gov- have a lot to say on this matter before November rolls around. Suffice it to say now that the referendum would not solve adequate representation of the state's citizens. 27.7 percent of the voters could actually elect 51 percent of the House of Representatives. The majority of the proposed 87-seat Senate could be elected by only eight percent of the voters.

Q. Isn't the solution to the state's legislative bottleneck and just representation a good revision of the state constitution?

Rep. Roberts: Yes. The governor now has a Constitution Revision Commission at work which will submit a comprehensive report at the regular legislative session next year. I am hoping this report will enable Florida to have a constructive state legislature, but the Senate has power in the meantime, to "booth" the work of the Revision Committee.

Q. How is the Glades regarded in Tallahassee?

Rep. Roberts: Very highly. There is more and more interest and appreciation in Tallahassee—both in the legislature and among state officials—in the problems of the Glades, and in our further development.

Coach Howard Is Lions Speaker

PAHOKEE — W. D. (Bill) Howard, assistant coach at the high school, was the guest speaker at Tuesday's meeting of the Lions Club.

Coach Howard's subject was the summer recreation program now in progress at City Park which is conducted by Howard and Coach Hew Pell and which is sponsored jointly by the state and the city.

Substitute pianist at this week's meeting was Mrs. Wilma McClenihan.

MRS. A. E. FUNDERBURK LEGION AULY PRESIDENT

The Pahokee American Legion Auxiliary Unit 90 held its first meeting on Friday evening, July 6, at the American Legion home.

Mrs. Neal Wellman, ninth district president, and Mrs. L. A. Tanner, ninth district sergeant-at-arms, both of West Palm Beach, were installing officers.

The retiring president, Mrs. Tom Davis, presided at the meeting and turned the gavel over to the new president, Mrs. A. E. Funderburk. After the acceptance speech by Mrs. Funderburk, Mrs. Wellman was in charge of an open discussion on the aims and activities of the American Legion Auxiliary, stressing community service, rehabilitation and Girls' State.

The slate of officers for the year is composed of Mrs. Funderburk, president; Mrs. Howard Holman, first vice president; Mrs. Billy McKinstry, second vice president; Mrs. A. E. Early, secretary; Mrs. Carmen Salvatore, Jr., treasurer; Mrs. Web Pell, chaplain; Mrs. Lester Hand, sergeant-at-arms; Mrs. Bob McQueen, assistant sergeant-at-arms. Stand-ins were Mrs. Davis as first vice president and Mrs. Alonzo Glisson as secretary.

Following the meeting coffee and cake were served to the guests and members.

MORNING SWIM FOR BG REC. YOUTHS

The city recreation program will have as this week's special event a hobby show which will take place this afternoon at 3 o'clock. Mothers of those who attend the recreation program are especially invited to come.

Last week's highlight of a doll show held at the Girl Scout Hut had 30 entries. Top prizes were won by Sue Caldwell, Beverly Kirkland, Janice Nestor, Sharon Amedee, Francie Ball, Georgia Crows, and Arlene Whitehurst.

The bubble gum contest which was the highlight of the July 4 program provided entertainment for the spectators and exercise for the participants. Tommy Simmons won the prize for the largest bubble, forming his from five pieces of bubble gum. Wee Willie Williams won second place, and Coach Jim Maynor came in a poor third.

Coach Hector Ouellet has announced that classes for beginning swimmers will be held every morning at 10:15 o'clock. The arts and crafts program is being conducted by Bill Nicholson, and golf lessons for those who want them are being taught at the Country Club by the pro, Coach Maynor has organized the group, which at present numbers about 15 students.

experience of long-time Glades cattlemen.

The Morgans are getting acquainted in Pahokee and like the climate, despite alternating heat and rains. They remember summers in Texas — last year Paris had 30 days when the temperature zoomed over the 100 degree mark.

"This is definitely the land of opportunity for growing cattle," Claude says. "The Glades are all as good to us as things look now, it'll suit us."

Already Claude has had Glades experience his ex-buddies in Texas will get a chuckle over. Monday morning some of his herd slipped under a fence and became lost in corn stalks and grass. He couldn't see 'em on horseback, so called on an airplane pilot to spot 'em from the air.

"Sure, I've taken a little kidding from the fellows about the lost cattle," Claude good-naturedly admits. "A thing like that would never happen in Texas."

Cartons For Picnics Of No Returns

Here's how you can set a complete picnic lunch and throw away all serving items entirely without cost. It's all done with milk cartons.

For plates you simply split empty half-gallon waxed paper milk cartons the long way. 2—You fetch your beans, hotdogs and other foods in half-gallon cartons which you have re-sealed (by cutting off the peak of the gable top and refolding the pouring spout). 3—For serving pickles, cottage cheese, relish and condiments, use split halves of quart cartons. 4—Bring your own ice, frozen in smaller size cartons. 5—Your milk or fruit beverage, of course, comes in a sealed carton, also disposable. 6—A couple of extra cartons take care of leftovers, if any. 6—You start your picnic fire with cartons, and when you are all through you dump all the used serving cartons in the fire or trash can. To return home... with no returns.

happy vacations begin in a Chevy

You'll love to travel in it, because it loves to travel! When you get this Chevrolet out on the road, you'll want to keep going—and so will the whole family.

Of course, even in a Chevrolet the happiest vacations involve one or two minor problems. Like fidgety small fry who want gallons of water and keep asking if you're almost there. The big things, though, are beautifully taken care of by this roomy Chevrolet's smooth and easy way of going. That's for sure.

The fact is, few cars at any price hold the road with Chevy's grace, with its solid feeling of stability. And, with horsepower up to 225, Chevrolet moves out like a whip-lash, for safer passing. It's no wonder that so many people who used to buy higher priced cars are changing to Chevrolet! Stop by soon for a ride.
